Three waterways namely the Ganga, the Brahmaputra and the West Coast Canal have been declared as National waterways and are being developed by the Central Government by providing infrastructural facilities for shipping and navigation. Hydrographic surveys and Techno-economic studies have also been conducted on other waterways. Declaration of new waterways, as national waterways would depend on availability of funds.

(c) Techno-economic feasibility study has been conducted for development of canal system between Kakinada and Mercaunam integrated with Godavari and Krishna river system. The study has shown that the development of this waterway system is viable.

Declaration of Palakkad-Calicut Road as National Highway
